

4D COMPLETE TREE RANGE

August 2020

The trees that we have on display on our shop shelves are only a small part of the complete range of trees that we offer here at 4D. All trees are made by hand by our experienced and skilled Scenics team.

You can use our Build-a-Tree webtool to create trees from our existing stock of armatures & textures or we can make Bespoke Trees to your exact specifications or photo references.

In this catalogue you will find:

- The full range of sizes available
- The full range of standard trees that we make
- The full range of special trees that we make
- All the codes needed to order the products
- Information about ordering bespoke trees
- Information about the different types of

texture/foilage

Some of the special trees will not have the same size range as the standard deciduous trees.

This is due to the manufacturing process: some of the shapes become unfeasible to produce at certain sizes due to the work involved.

Tree types are categorised either by the colour of the foliage, or the shape of the tree.

If there is a tree type, or size, that you want but is not listed, please feel free to contact us to discuss it.

Production time is entirely dependent on sizes and quantities, and is assessed on a job-to-job basis.

GREEN

DECIDUOUS ETCHED TREES

The Summer Greens have 3 shades.

If you would like a single shade, or a particular split in numbers, please specify when ordering.

Most orders of sizes 6mm – 100mm would be supplied from our warehouse and so can often be dispatched on the same day the order is placed.

Sizes 6mm – 35mm have planting spigots as part of the etching, 42mm and above have a planting pin.

*Please note that colours appear different on screens & printers

 LT12125 Deciduous white tree 125mm
 LT12150 Deciduous white tree 150mm

CORK

DECIDUOUS ETCHED TREES

These trees are ideal for use on timber models.

The standard range is made with natural cork. The cork can be coloured to almost all but the lightest colours.

Sizes 6mm – 35mm have planting spigots as part of the etching, 42mm and above have a planting pin.

LT15100 Deciduous cork tree 100mm
LT15125 Deciduous cork tree 125mm
LT15150 Deciduous cork tree 150mm

CHERRY BLOSSOM

Cherry Blossom foliage is created by mixing several pinks and white textures. This gives the appearance of blossom on a tree.

Small quantities are available from our warehouse, however larger quantities can normally be supplied within 2 – 5 working days.

LT20242 Cherry blossom tree 42mm
LT20250 Cherry blossom tree 50mm
LT20260 Cherry blossom tree 60mm

COPPER BEECH

Copper Beech trees have a very distinctive red/mauve foliage and add great contrast and point of interest to a model.

Comes with a planting pin.

LT16042 Copper Beech tree 42mm
LT16050 Copper Beech tree 50mm
LT16060 Copper Beech tree 60mm

PASTEL

DECIDUOUS ETCHED TREES

The colour of the texture is a light green approximate to Pantone 5565u.

Sizes 9mm – 35mm have planting spigots as part of the etching, 42mm and above have a planting pin.

LT13009 Deciduous pastel tree 9mm
LT13012 Deciduous pastel tree 12mm

LT13075 Deciduous pastel tree 75mm
LT13085 Deciduous pastel tree 85mm

BARE BRANCH

Also known as 'winter' trees, these can be used in wind tunnels or as a base to be foliated.

The photo etched brass armature is a matt, medium brown colour.

LT01015 Bare branch tree 15mm
LT01018 Bare branch tree 18mm
LT01025 Bare branch tree 25mm
LT01030 Bare branch tree 30mm

LT01060 Bare branch tree 60mm
LT01075 Bare branch tree 75mm

SCOTS PINE

SPECIAL ETCHED TREES

These highly detailed Scots Pine model trees are all individually hand made in our workshop. Every tree is therefore different which adds an extra level of realism to any landscape model.

Comes with a planting pin.

LT18042 Scots Pine tree 42mm
LT18050 Scots Pine tree 50mm
LT18075 Scots Pine tree 75mm
LT18100 Scots Pine tree 100mm

SILVER BIRCH

SPECIAL ETCHED TREES

These Silver Birch trees are our finest quality trees.

They are all individually hand made in our workshop and therefore every tree is different.

A tree with distinctive trunk detail and foliage.

Each tree has a 'planting' spigot, which can be easily removed with pliers if not required.

LT17025 Silver Birch tree 25mm
LT17030 Silver Birch tree 30mm
LT17035 Silver Birch tree 35mm
LT17042 Silver Birch tree 42mm

LT17050 Silver Birch tree 50mm
LT17060 Silver Birch tree 60mm
LT17075 Silver Birch tree 75mm

LIME

As with all our trees, these can be made at sizes other than those listed, however they would then constitute a bespoke tree, and would have to be priced accordingly.

Comes with a planting pin.

LT10050 Lime tree 50mm
LT10060 Lime tree 60mm
LT10075 Lime tree 75mm
LT10085 Lime tree 85mm

OAK

These highly detailed Oak model trees are all individually hand made in our workshop. Every tree is individual adding realism to any model or railway layout.

Comes with a planting pin.

LT00050 Oak tree 50mm
LT00060 Oak tree 60mm
LT00075 Oak tree 75mm
LT00100 Oak tree 100mm

DECIDUOUS GREEN

Come as singles or in packs in a choice of 3 shades of summer green.

Each tree comes with a brown trunk.

The wire core extends below the trunk to act as a planting spigot.

These trees are a economic alternative to our etched trees.

There are packs of mixed shades on our website which are being phased out.

Please check website for availability.

LT20142	Conifer green tree 85mm Pk2

POPLAR

The Poplar tree, with its distinctive shape, makes it ideal for ornamental landscaping or adding interest to a planting scheme.

This shape of poplar best represents a Lombardy poplar, a fast growing tree commonly used in parks & gardens.

LT20206	Poplar green tree 30mm
LT20208	Poplar green tree 42mm
LT20210	Poplar green tree 60mm
LT20212	Poplar green tree 85mm

STANDARD PALMS

ETCHED PALM TREES

Light Green Palm

Dark Green Palm

Etched palm trees have metal etched fronds and a plastic trunk. The larger scale trees have some detailing on their trunks. Their shape is based upon a Date palm tree.

There are two shades available:

Light green (Pantone 376)

Dark green (Pantone 363)

Both greens are available in the shop. We do keep stock of the green palms in our warehouse, so if you are looking for more than is on display, please speak to a member of staff.

Light Green	Dark Green	Scale	Trunk Height	Frond Spread
LT30001	LT30201	1:50	250mm	110mm
LT30002	LT30202	1:75	185mm	60mm
LT30003	LT30203	1:100	150mm	50mm
LT30004	LT30204	1:150	125mm	35mm
LT30005	LT30205	1:200	75mm	25mm
LT30006	LT30206	1:333	60mm	14mm
LT30007	LT30207	1:500	37mm	12mm
LT30011	LT30211	1:750	20mm	8mm
LT30012	LT30212	1:1000	15mm	6mm

BESPOKE PALMS

As with the other bespoke trees, we are willing and able to match any species. In order to help us do this we have templates for several different kinds of frond shapes.

If you wish to order bespoke palm trees, please follow the instructions given in the following Bespoke Tree section.

Below is a short list of some of the Palm species we have made in recent years:

- Chinese fan palm (*Livistona chinensis*)
- Mexican fan palm (*Washingtonia robusta*)
- Areca nut palm (*Areca catechu*)
- King palm (*Archontophoenix alexandrae*)
- Bismark palm (*Bismarkia nobilis*)
- Kentia palm (*Howea forsteriana*)
- Date palm (*Phoenix dactylifera*)
- Jelly palm (*Butia capitata*)
- Palm mobile phone mast (*Palmas telephonica*)

You can now create your own model trees from our armatures and texture colours using our website **Build-a-Tree** tool. The feature puts 2,206 model tree options at your fingertips.

Go to www.modelshop.co.uk/Shop/Build-a-Tree

Choose your **TRUNK TYPE**
only etched brass available at the moment

Select your **TRUNK COLOUR**
(brown - white - fawn)

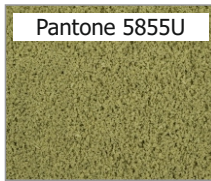

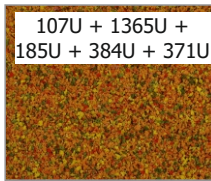

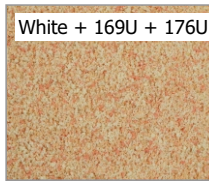

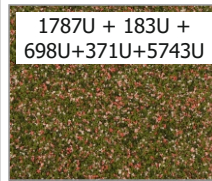

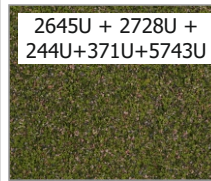

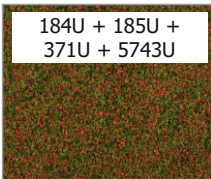

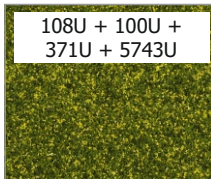

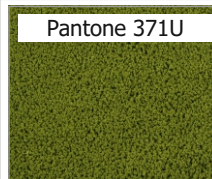

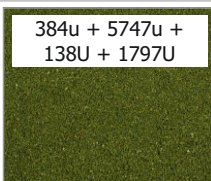

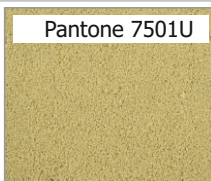

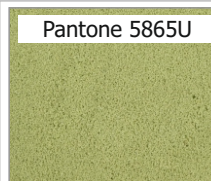

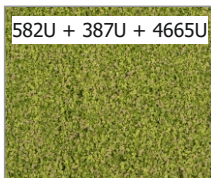

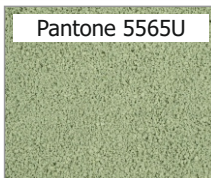

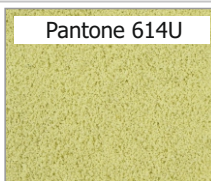

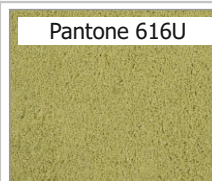

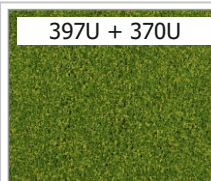

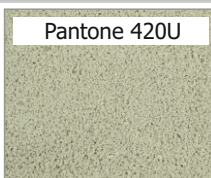

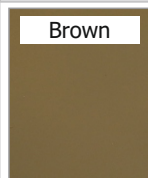

Select the **TRUNK HEIGHT**
(6 - 200mm)

Select your **FOLIAGE**
(46 options - see inside this leaflet)

PLEASE NOTE: There is a one off set up charge added to each order of £12.60 inc VAT

This is our range of stock foliage colours. These can be used on any standard armature using our Build-a-Tree webtool. If you require a specific colour, we have a colour matching service. This requires either a colour sample or a Pantone colour reference. There is a charge for this service.

Here at 4D we welcome orders for bespoke projects.

We have the experience of many years of producing trees to the specific requirements of our clients. Whether it is a stylised design, species-specific shape, or an altogether unconventional colouring that is required; we work closely with the client to make sure we deliver what you want.

Orders can be fulfilled within 2 – 10 working days depending on the tree type and the quantity required.

When setting up a bespoke project there is some information that we require at the beginning:

- Contact details of the person with whom we should liaise with about details
- A picture of the tree that is required
- Colour specifications
- Quantities and Heights (include other dimensions if known)
- Latest deadline you would like the trees by.

After receiving this information, we will develop a quote which must be approved before any production work begins.

To ensure accuracy it is important that the client supplies a suitable colour picture of the tree they wish to be made.

If we are only given a name, our idea of what that tree looks like might differ to the idea the client has.

We can usually produce a sample tree before the order is confirmed. However, this is chargeable if the order does not go ahead or if the specifications are changed.

Please contact the department directly for any other information or enquiries.

You can find examples of bespoke trees we have made for clients all round the world on the following page.

Here is a small selection of the species we have made for customers throughout the world.

Many were made from photo references and are now on models in Europe, Australia, North America and throughout the Asia.

We add the latest commissions to the Bespoke Tree Gallery on our website.

320mm generic tree

70mm Flat Top Acacia

100mm Mulberry

445mm Greengem

150mm Himalayan Birch
